

International Travel & Remote Work Abroad Policy

Document ID: TRV-2026-004 | Department: Legal & Compliance | Effective: January 15, 2026
Classification: INTERNAL | Version: 1.0

1. Scope and Purpose

This policy governs all international business travel and requests to work remotely from outside the employee's home country. Due to tax, legal, and security implications, strict approval processes are required.

2. International Remote Work

2.1 General Rules

- International remote work is permitted for a maximum of **30 consecutive days** per calendar year.
- All international remote work requires **VP-level approval** and must be submitted at least 30 days in advance.
- Employees must work during their **home office time zone hours** unless otherwise agreed.
- VPN must be active at all times. Some countries may have VPN restrictions — check with IT Security.

2.2 Approved Countries

Remote work is only permitted from countries on the approved list. The following countries are currently approved:

- Tier 1 (No restrictions):** United Kingdom, Canada, Germany, Australia, Singapore, Japan
- Tier 2 (VP approval required):** France, Netherlands, Spain, Portugal, New Zealand, South Korea
- Tier 3 (Not approved):** UAE, Russia, China, Iran, North Korea, Cuba, Venezuela — remote work from these countries is **NOT permitted** due to tax treaties, data residency laws, or sanctions.

2.3 Tax Implications

- Working from another country for more than **15 days** may create tax obligations in that jurisdiction.
- The Finance team must be notified of any international remote work period exceeding 15 days.
- TechCorp will not be responsible for personal tax liabilities arising from unapproved international work.

3. Business Travel Guidelines

3.1 Pre-Travel Requirements

- International travel must be booked through the company's designated travel agency (TravelCorp).
- Travel insurance is automatically provided for all approved business travel.
- Employees must register their travel in the Security Travel Tracker system.

3.2 Visa and Documentation

- Employees are responsible for obtaining appropriate visas for business travel.
- The company will reimburse visa fees for approved business travel.
- Work permits are required for stays exceeding **90 days** in most jurisdictions.
